

ARE YOU OPERATING A DRONE

LEGALLY?

RPAS OPERATIONS

Fly Safe

Fly Legal

You MUST comply with the following Civil Aviation Rules and Conditions.

DO'S

- Always be in possession of an approved authorisation when operating a drone.
- Keep your eyes at all times on your drone.
- Be in possession of your public liability insurance at all times.
- Fly only during daylight and in good weather
- Keep drone within your sight at all times.
- Only use **ONE** drone at a time
- Always check that your drone is in an airworthy state
- Think before you publish any image/video as you may be breaching privacy laws.

GET WRITTEN

AUTHORISATION FROM:

- **Namibia Civil Aviation Authority (NCAA)** before **operating** a drone Private or Commercial at all times.
- **NCAA Approval** to fly **higher than 150 Feet (45m)** Above Ground and/or within **Published areas/airspace** or **5 NM radius of unmanned aerodrome.**
- **Namibia Film Commission (NFC)** if you intend to make a movie or video.
- **Ministry of Environment and Tourism (MET)** if you intend to fly in a **National Park or Nature Reserve**
- **Property Owner Permission** you intend to operate your drone over.
- **Aerodrome/Airfield Owner Permission** when flying within 5NM or 10KM of a runway.

YOU HAVE CONTROL:

- Remember when flying an unmanned aircraft (Drone) the responsibility is yours
- You are legally responsible for the safe conduct of each flight
- Familiarise yourself with the rules, failure to do so, may lead to criminal prosecution.
